Short-Term Service...Long-Term Impact!

Impacting other Ministry Leaders

Here's what Maurice, Director of the DICE Ministry in Kenya, wrote after a recent outreach with our Kairos Discipleship School:

I was almost giving up on ministry more than 2 years ago. I had actually taken a 2-year break from any engagement in ministry (discipleship). I had **lost desire and appetite for leading any team let alone handling a discipleship program**. When I learned about Kairos' interest in visiting DICE and Kenya this year, I reluctantly accepted to not only plan for the mission, but also attempt to lead a discipleship program.

As I look back now, this mission trip was exactly what I needed to **reignite my passion for ministry and discipleship**. Working with DICE and Kairos has done more to me in terms of **reawakening my Kingdom mandate** than I initially thought. I can now confidently say that I am now charged for the SURGE and ready to follow God's leading and calling. I feel reignited and reawakened to work alongside God in transforming lives and shaping destinies. Thanks to everyone who made the mission trip a success and life-changing moment.

Praise God for renewing Maurice's heart for ministry! Blessing and encouraging the believers, missionaries and ministry partners we serve is a key goal for our Reign Ministries teams. We may not stay long-term, but these brothers and sisters in Christ do! The picture above is of the combined discipleship schools—DICE/Kenya and Kairos/Minneapolis.

Impacting students for life!

When asked if their time with Reign Ministries has impacted their lives former students said:

Jackie - I learned how to study the Bible in a simple practical way, which I use pretty much every day now. **Through Royal Servants I received a calling into full time ministry.** When I got home I instantly started working in the youth group and I haven't stopped. I am now married and my husband and I team up to help the youth. This is where God has us right now, but long term we are looking to go over seas. **Three years later I am still reaping the harvest of a changed heart and life for Christ.** I've never been more joyful or at peace :)

Elizabeth - **My last trip as a student was 10 years ago,** but since then I have had a consistent quiet time and have been much better at keeping a journal. There have been many lessons from RS that have helped me through college and just every day life...

I get pretty excited when I see the impact a season of service can have—whether that's a two week trip, a summer, or a 9 month program like Kairos. **We praise God for His work and allowing us to have a part in what He is doing around the world!!**

As I leave for the Royal Servant's Training Camp this week, I am excited to see what God will do in and through this new group of students and staff. See the prayer insert for lots more details on what the teams and I will be doing this summer.

FAMILY CELEBRATION!

Celebrating Jini's graduation!
Jini, pictured front middle, received her Doctorate in Physical Therapy last week!!
We have a doctor in the house! 😊
(This is my whole clan minus my two nephews.)

Thank you to each of you who pray, give and cheer me on!

I couldn't support and care for our Reign Ministries staff and teams without your help!

-Darla
